Freelancing Projects

Description: I have Developed many other Freelancing Projects for clients in the following tools (MongoDB, Express.js, React.js, Node.js).

ACCOMPLISHMENTS

1.   Participation in Softec Programming Competition

   Institution: Fast Nuces Lahore 2021

2.   Participated in Create 21 Startup pitching Competition.

    Institution: PIYEAS University Islamabad 2021

3.   Winning Software Quiz Competition Daira

        Institution: Fast Nuces Faisalabad 2023

SKILLS & ABILITIES

- Mern Stack (Node, Express, React Js, MongoDB)
- Linux
- Docker (containers, images, Volumes)
- Jenkins Ci/Cd Pipeline Creation
- Aws Cloud Practitioner
- YAML and python/bash Scripting
- Software Construction and Development
- Software Design and Architecture
- Requirements Engineering / Software Reengineering
- Java/C#/JavaScript
- Html/CSS/tailwind CSS
- Operating System and Computer Networks
- Data Structures and Algorithms
- Databases SQL and no SQL
- Information Security and Blockchain Basics
